HUBBELL PRIME
Industry’s Only Cement Lined Condensing Gas Storage Water Heater

The Hubbell Prime condensing gas storage water heater features a fully integrated burner and field removable 316L SS heat exchanger. The modular heat exchanger allows for easy cleaning and serviceability, which ultimately provides maximum longevity and sustained peak performance. High efficiency polyurethane foam insulation reduces standby heat loss, while the modulating air/gas combustion blower improves combustion efficiency and reduces short-cycling. The Prime has a thermal efficiency rating of 94% and is available in storage capacities ranging from 40-119 gallons.

Features & Benefits

- Hydrastone cement lined tank
- High efficiency fully modulating and removable 316L SS heat exchanger
- 94% thermal efficiency
- 55,000 BTU/HR input
- Digital temperature controller
- 7 year non-prorated tank warranty
- 5 year non-prorated heat exchanger warranty
- Alternate fuel source - Propane (optional)
- Made in the USA

Note: Model example with optional ASME stamped tank (GSE120SL-55A) 55,000 BTU with 119 gallon storage tank.

Warranty:

**ASME models**

**TANK**
Standard: 10 years full
Optional: 15 years pro-rated (8 full plus 7 pro-rated)

**HEAT EXCHANGER**
Standard: 5 years
Optional: 15 years pro-rated (8 full plus 7 pro-rated)

**PARTS**
1 year

**Non-ASME models**

**TANK**
Standard: 7 years full (non pro-rated)
Optional: 10 years full

**HEAT EXCHANGER**
Standard: 3 years
Optional: 5 years

**PARTS**
1 year
