NOTES:
1. The temperature and pressure relief valve shall not exceed the pressure rating of the components in the system.
2. This is a standard pipe installation drawing. Consult local codes and authorities for additional necessities.
3. Verify all pipe diameters are sized correctly to handle the flow volume at maximum water velocity.

WARNING: Insulate or guard any hot water surfaces. Failure to insulate or guard steam and hot water surfaces can cause serious burns.

THE INFORMATION CONTAINED IN THIS DRAWING IS THE SOLE PROPERTY OF THE ELECTRIC HEATER COMPANY. ANY REPRODUCTION IN PART OR AS A WHOLE WITHOUT THE WRITTEN PERMISSION OF THE ELECTRIC HEATER COMPANY IS PROHIBITED.
NOTES:
1. The temperature and pressure relief valve shall not exceed the pressure rating of the components in the system.
2. This is a standard pipe installation drawing. Consult local codes and authorities for additional necessities.
