SERVICE BULLETIN

Bulletin No. 006

Issue Date: June 15, 2007

Product: Model J Booster Heaters

Purpose: To provide field service technicians with specific information regarding product service or operation.

Background: In an effort to incorporate environmentally friendly materials into our products, Hubbell is converting our original foam insulation to a CFC/HCFC/HFC free foam insulation. The new environmentally friendly insulation will continue to provide superior heat loss protection when compared to fiberglass insulation and customers will continue to benefit from operating a high efficiency Hubbell booster heater.

Current Status: Effective approximately June 25, 2007, all Hubbell J Model booster heaters shipped from the factory will be supplied with the new insulation.

Remarks/Action: None
